Membership and Dues Structure

General Contractor Membership

Membership is open to all general contractors who practice skill, integrity, and responsibility in the commercial construction industry. Dues for each General Contractor Member shall be assessed and collected on the basis of volume performed in the Chapter Territory (See chart below).

Volume dues are an important part of our not-for-profit organization's budget. The minimum annual fee for a General Contractor Member is \$1,000.00, payable annually. This fee is applied to volume dues. To benefit its members, the San Antonio Chapter remits minimum annual dues of \$450.00 per member to the AGC of America.

For your convenience, volume dues reports are submitted monthly to the office.
