EMPLOYMENT SUMMARY:

- 1 Troy Jesse Construction
Commercial Superintendent
05-01-07 to 12-31-08

Responsible for the supervision of several projects at one time. Projects usually consist of interior finish out. Project cost range from \$100,000.00 to \$1.3 million. My responsibilities included the coordination of sub-contractors, and supervision of labor, and the ordering of all materials to complete the projects. During my tenure with Troy Jesse, I assisted the construction manager in the take off of the cost analysis of several project.

- 2 Integretel, Inc.
Voice & Data Technician/Supervisor
02-01-99 to 05-01-07

Experienced with Category 5 indoor cable, planning & implementation of phone rooms that house IT equipment. Supervised the setting up of those phone rooms for both private and city building. Worked almost exclusively with the City of San Antonio Information Services Department (ISD) and its affiliates including fire stations, police stations, public works, libraries, health centers, convention center, city hall, and a variety of other city owned building. Data/phone room projects varied from a few phones/data connections to several hundred with special attention given to codes and regulations on the installation of indoor cable to perform with Ethernet 10/100 and 1000 base-T connections.

- 3 C.W.Dickinson Construction
Self-Employed -Owner
1991 to 04-01-99

Performed commercial/residential remodeling and general construction in the San Antonio area. Supervised and gave direction to subcontractors and employees, acted as General Contractor, purchasing agent, and bidding agent on all jobs. Performed tasks on all phases of work done at these projects. Specialized in the finishing out of high rises, physician's offices, shopping centers and residential re-modeling.
